YEAR 2015

ABOUT US

Satson Global Network is a specialist IT Services and Solutions provider that train and helps clients Plan, Build, Support, Manage their IT Organization, infrastructure, Services and Solutions.

We represent original equipment manufacturers, software and allied technology companies across the globe.

We help solve performance problems of organizations using information technology and managing clients' information technology assets through the provision of advisory services, Business and Systems Integration, Project Management and Training/IT Support services.

The training is delivered by professional and highly qualified consultants, all of whom have extensive experience in a variety of industries.

SGNL serves numerous markets worldwide, with clients operating in the following sectors:

- corporate conglomerates
- banking and financial institutions
- government
- Telecommunications
- Power and Utilities
- health
- media and publishing
- non-profit organizations

At SGNL we emphasize the practical aspect of the learning experience. At least 50% of each session is spent showing delegates how to apply theoretical management concepts to real-life business scenarios. This way we can ensure that participants know how to utilize the tools and techniques learnt within their respective work situations. Attendees also benefit from the diversity of our clientele. This gives rise to the opportunity to learn from the experience of other individuals from differing backgrounds from all over the world.

We strive for perfection and consequently, receive immense positive feedback from course participants. Every suggestion is taken into consideration. The service offered is continually customized to meet the clients' specific requirements. Care is taken to ensure no delegate is overlooked. A dedicated customer service team is constantly at hand to offer the assistance necessary to ensure the attendees are comfortable and able to concentrate on their training. We value our clients' business and will go out of our way to make every training session a success.
